

# Functionalities

- View Occupancy Status of Seats live
- Booking of Seats
- Login to the System (Librarian & Students)
- Create an account (Student)  
(Librarian created by admin?)
- Reset Password?
- View Seat Information before booking
- View Booking History
- Alert librarian on unoccupied seats with  
stuff on it / Student who did not book.

# UI - Flow Diagram

## Booking page

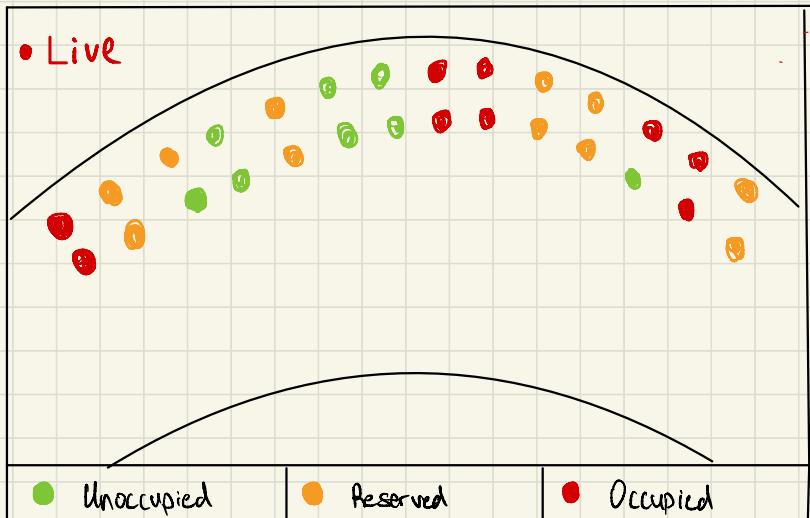

- Toilet breaks, Should we change it to reserved with a 15 min time limit until the user returns?

# Main Page

Hmm, do you think we need this side menu bar considering we don't have much functionalities?

## Welcome to Lee Wee Nam Library!

Lvl 2	Lvl 3	Lvl 4	Lvl 5
